ACTION CALENDAR  
 January 19, 2021

To: Honorable Members of the City Council  
 From: Councilmember Sophie Hahn (Author), Councilmember Kate Harrison (Co-Sponsor), Councilmember Ben Bartlett (Co-Sponsor)  
 Subject: Extending Time for Temporary Parklets and Sidewalk Seating Post-COVID-19

RECOMMENDATION

Adopt an ordinance revising BMC Chapter 16.18 *Right-of-Way Encroachments and Encroachment Permits* and BMC Section 14.48.150 *Sidewalk Seating, Benches, and Planters* to extend the period of time that Parklets and Sidewalk Seating established under the COVID-19 declared City emergency can remain in place to 365 days after the termination of the declared City emergency rather than the current 90 days.

BACKGROUND

On June 2, 2020, the City Council referred to the City Manager to explore and identify, on an expedited basis, potential public locations throughout Berkeley, including but not limited to wide sidewalks, street medians, building curtilages, parking bays and strips, streets and portions of streets, parking lots, and parks, for the temporary placement of tables and chairs to be used for open air dining to support restaurants, cafes, food shops, and other small businesses impacted by the COVID-19 emergency.<sup>1</sup>

The item further directed the City Manager to facilitate and expedite potential use of both public and private property for outdoor dining and other retail activities by implementing or, where necessary, returning to Council for approval any and all required temporary or permanent changes to, or suspensions of, Berkeley Municipal Code sections, fees, permitting requirements/timelines, and other rules and regulations. To eliminate a financial burden on small businesses, the City Manager was requested to consider reducing or waiving permitting and other fees.

On June 16, the Council adopted an Urgency Ordinance taking actions to allow for increased outdoor dining and commerce in the public right-of-way, including to simplify the permitting process for parklets during a declared local emergency; and to expand the areas and scope of activities that may be permitted via a sidewalk seating permit during the term of a declared City emergency; and a Resolution authorizing the City Manager to waive permit fees for one year for temporary structures and activities permitted in the public right of way.<sup>2</sup>

City staff responded by expanding the range of allowed outdoor activities on both public and private property and streamlining permitting processes. The City offered options for permitting outdoor business activities during COVID-19, on private property or in the public right-of-way, including street closure permits, sidewalk seating, and parklets.

Since the adoption of the Berkeley Safe Open Air Dining and Commerce referral and subsequent Urgency Ordinance, dozens of businesses have utilized parklets and built facilities for outdoor seating, allowing patrons space to safely dine and shop in the open air while maintaining social distance. Overall, the program has been a tremendous success, affording local restaurants and other businesses the ability to survive and continue to pay staff during a difficult time.<sup>3</sup>

On December 15, the Council referred to the City Manager to develop a program, and if necessary, ordinance language to facilitate the transition of temporary outdoor dining and commerce permits that were obtained under the City's declaration of emergency to permanent status.<sup>4</sup> Some businesses may follow this path to permanence, while others may choose to end outdoor dining and commerce when the COVID-19 emergency is terminated.

This item offers a third path by adopting an ordinance to extend the period of time that parklets and sidewalk seating established under the COVID-19 emergency order can remain in place to 365 days after the termination of the declared City emergency rather than the current 90 days.

Under this proposal, businesses that have made an investment in open air dining and commerce structures during the pandemic will have longer to recoup their costs and to decide whether to transition to a permanent facility. In addition, extending the period of time that sidewalk seating and parklets can remain in place will allow staff more time to work with those seeking to transition their temporary outdoor dining and commerce permits to permanent status.

7. The City Manager or their designee may require a performance bond to ensure Parklet removal in the event of a permit cancellation.

8. The Permittee shall monitor and control the use of the Parklet to prevent disturbance of the surrounding neighborhood.

9. A Sponsoring Business or other business is not permitted to perform table service at a Parklet or otherwise incorporate a Parklet into its business operations. Section D(9) is not applicable in cases of declared local emergency due to disease outbreak.

10. Commercial signage, smoking, and advertising are prohibited at Parklets.

E. Parklets, Benches and/or Planters that are not permitted under this Section are prohibited encroachments under Chapter 16.18, and shall constitute public nuisances subject to the remedies in Chapter 1.26.
